SKILLS

- **Programming:**
  C++
  Python
- **Technical:**
  HTML CSS JavaScript
  ReactJS NodeJS
  Tailwind CSS
  SQL
- **Machine Learning:**
  Python- NumPy Pandas
  ScikitLearn

AREAS OF INTERESTS

Web Development
Machine Learning

WORK EXPERIENCE

- **Code Clause**
  July-Aug 2023
  This was 1-month remote training internship. I made several projects about web development.
- **Krushi Sarathi**
  Mar-Sept 2023
  Krushi Sarathi is an award-winning agricultural startup in Maharashtra. I managed the YouTube channel of the startup.

OBJECTIVE

As a Computer Science student, I excel in core CS subjects and am deeply passionate about web development. I am currently exploring machine learning and aim to apply my skills in real-world projects to make a meaningful impact.

EDUCATION

- Government College of Engineering, Amravati
  Dec 2021 – June 2025
  B. Tech in Computer Science and Engineering
  Current CGPA: 9.08
- Sub. Lt. Vivek Pimplikar Junior College, Achalpur
  2021
  12th HSC - Maharashtra State Board
  Final Grade: 98.83%
- Subodh High School, Achalpur
  2019
  10th SSC – Maharashtra State Board
  Final Grade: 98.40%

PROJECTS

- **Real Time Chat Application**: In this, I made an application for chatting between two or more users. It creates a server for each connected user. The interface is simple and responsive.
  Tech Stack: HTML, CSS, JS, NodeJS, ExpressJS, WebSocket
  Repo link:
  https://github.com/prajwaldd20/CodeClauseInternship_ChatApp
- **Music Player:** In this, I made a responsive music player. It includes the functions for play, pause, rewind, seek, next, previous.
  Tech Stack: HTML, CSS, JS
